

SACRED HEART CONVENT SCHOOL
Sarabha Nagar, Ludhiana

CIRCULAR NO: SHCS/14/2023-24

Date: 08.02.2024

Dear Parents/Guardians

We begin the first day every New Year with solemnity and abundance of peace and love which we promise to carry the next 364 days. We pray that this promise remains our top priority towards all our associations, our family especially our children who are constantly thrown to the influx of situations. The revolutionary changes with the AI creating an impact on every aspect of life have encompassed the thought process of all -unknowingly and adversely affecting our children. Dear Parents we have to ensure this AI development aids their learning but not impair their abilities – their creativity and originality. We urge that you shower all your love for you children into giving them your attention and their focus towards their aspirations. Pamper them with good nourishing food, healthy talks, some outings but at times light hearted talks and gentle chidings too. This will help in creating a genial relationship and enrich your bond.

This is the right time to strengthen this bond as they are preparing for their final term scheduled for the second week of February 2024. Your solemn participation in their everyday study schedules will foster an understanding, encouraging them to give their best shot.

Dear Children

The New Year, 2024, is a harbinger of opportunities that you missed somehow - new pathways that you just let go or could not tread - new gateways which you did not cross. You have complete eleven months to grab all that you have missed and experience the richness of the time and days ahead. The take home of the 2023 is to catch the ongoing present – the period of examinations at the right time which are scheduled for the mid of next month.

Dear Students, you all want to be empowered so that you succeed in your grand plan of your ambitions. Remember, examinations are the stepping stones to that grand plan and the empowerment shall come with your positive state of mind – taking every discomfort in its stride. Divide the next 30 days into two halves – first half should focus on getting support for difficult study areas and mentoring your study skills. You will be amazed as the 2nd half will inevitably become a cake walk since you already started the task which you felt was the hardest. I urge you dear students – put on hold all other tasks and don't forget that even a day's procrastination will steal away the rest of the days. So get started today taking the tiny step of laying out the first half plan. Mahatma Gandhi has aptly quoted in one of his work – *There are two days in the year that we cannot do anything – yesterday and tomorrow.*

Wishing and praying that you remain dedicated and self-motivated to take action.
